UNIVERSITY**
School of Graduate Studies

June 11, 2024

Keerthi Samhitha Kadaveru
407, Sri Tirumala Vintage, Basapura Road
Bengaluru, Karnataka 560068
India

Dear Keerthi Samhitha,

Congratulations! I am pleased to inform you that, upon careful review of your application for admission to graduate study, you have been admitted to the **Computer Science** program for the Master of Science degree with conditional standing for the term beginning **August 26, 2024**.

In order to meet the conditions of your acceptance, you must submit the following documents to the School of Graduate Studies:

- Final, official transcript from Jawaharlal Nehru Technological University with the Bachelor of Technology degree conferred.
- An official TOEFL, IELTS or PTE language score report that indicates the minimum score was met.
- An official GRE score report.

Your language score requirement will be waived upon receipt of final transcript with degree verification from a university taught in English.

Official transcripts can be submitted electronically directly from your previous institution to gradtranscripts@case.edu. Alternatively, hard copy transcripts can be sent by mail to the following address:

Case Western Reserve University
School of Graduate Studies – Tomlinson Hall 203
10900 Euclid Avenue
Cleveland, Ohio, 44106-7027

If your degree will be awarded at a later date, please wait to send transcripts until your institution has conferred your degree. Please note that scanned or PDF copies sent by the student or attached onto the application are not considered official and are used for review purposes only.

Official GRE and TOEFL scores can be submitted through ETS using CWRU's school code 1105. Our office will verify your scores online in ETS; scores are typically available for our office to view 5-7 days after they have been requested. Please email gradadmit@case.edu once your scores have been requested so that we may update your admission letter.

You must accept our offer of admission in order to receive information regarding your CWRU Network ID and to matriculate to Case Western Reserve University. As an international student, you cannot begin working on the visa process until you have accepted the offer. Please review the second page of your admission letter for information from Visa & Immigration Services & Advisors (VISA); their office manages all aspects of the visa process.

You have been admitted to the Course Focused Master's program. Note that as an international student, you must achieve a 90 TOEFL or 7.0 IELTS or above in order to transfer to a Research Focused Master's or Project

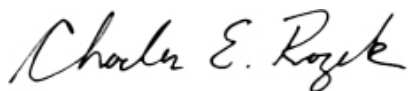

Focused Master's, or to continue on to a PhD program.

While the School of Graduate Studies does not have an official deadline to accept or decline our offer, please allow adequate time to process any required paperwork, arrange travel, and complete the visa process if necessary. I regret that it will not be possible to provide you with an assistantship or fellowship. We have many more applications for such appointments than we can provide, and our inability to offer you financial aid is no reflection on your promise as a graduate student.

Accept or Decline our offer of admission

I am confident that you will find graduate study at Case Western Reserve University a stimulating and rewarding experience. You will receive an email with information regarding the New Student Checklist and Orientation as it becomes available. If you have any questions or need additional information, please feel free to contact us by email at gradadmit@case.edu or by calling our office at 216.368.4390.

Sincerely,

A handwritten signature in black ink that reads "Charles E. Rozek". The signature is written in a cursive, flowing style.

Charles E. Rozek, PhD

Vice Provost for Graduate Education and Academic & Faculty Affairs
School of Graduate Studies, Case Western Reserve University

Information for International Student Admissions

If you are an international student requiring an F-1 or J-1 visa, read this page carefully. It is important for you to act promptly and follow all of the instructions provided below so that the Visa & Immigration Services & Advisors (VISA) Office can begin processing your I-20 or DS-2019 through Terra Dotta (CWRU's immigration software).

Please note: Visa & Immigration Services & Advisors (VISA) only process I-20s and DS-2019s for students who have accepted their official offers from Case Western Reserve University. We encourage you to accept our offer as soon as possible; this enables more time to complete document processing, visa applications, and travel arrangements. Conditions and Provisions listed on your offer letter will not disrupt the processing of your I-20 or DS-2019 through Terra Dotta. Neither your academic department or the School of Graduate Studies manage the immigration process. All questions regarding your visa status, I-20, or DS-2019 should be directed to ISS.

In order for an I-20 or DS-2019 to be issued, a student must:

1. Accept Case Western Reserve University's official offer of admission.
2. Activate your CWRU Network ID. This must be done in order to begin your I-20 or DS-2019 application. You will typically receive an email from Graduate Studies with instructions on how to activate your CWRU Network ID typically within 1-2 weeks of receiving your official offer letter.
3. Within 5-7 business days of accepting your offer, you should receive an email to your CWRU (case.edu) email account from Visa & Immigration Services & Advisors (VISA) with directions on beginning your I-20 or DS-2019 application. Please check this email and follow the instructions carefully.

Questions about the I-20 or DS-2019 application process should be directed to Visa & Immigration Services & Advisors (VISA):

Office of Visa & Immigration Services & Advisors (VISA)

Case Western Reserve University
10900 Euclid Avenue
Crawford Hall, Room 215
